1 Outnuancing Network — Term and Phrase Index

BETA — source-based editorial synthesis

This index links key phrases to their fuller context and relationships. The Lexicon / Legend is the **overview page** (preferred to hunting many sub-sections). These Network pages remain the deeper-reference layer.

Term or phrase	Reference page
6 INTENT MECHANICS	Six original points and audit prompts
Responsibility for intended intent	Responsibility and correction persistence
Possible motives / qualifier preservation	Audit the question and the intervention
Public notice / response to correction	Public notice record
10+1 Metaflux	10+1 Metaflux — Mutual Correction
11+1 Version 2	11+1 Version 2 — Mass-Psychology Topology
16 Anchor Ethics	16 Anchor Ethics — BETA Draft, Conceptual Proposal V0.2c
Hyper-Inflection Point	Fused parallel operation
“That, I do not know yet”	Pause, unresolved status, and service-level refusal
Origins of 11+1 Mass Psychology Clusters	PDF file report click here
Converter (epistemic form)	11+1 Version 2 — function vocabulary
Cluster 8a / 8b	11+1 Version 2 — Cluster 8
Asymmetric Grace	Asymmetric Grace and Bidirectional Scrutiny
Beyond-binary inquiry	Unresolved Meaning and Beyond-Binary Inquiry
Bidirectional scrutiny	Asymmetric Grace and Bidirectional Scrutiny
Blinded topic-comparison protocol	Testing Correspondence and Correction Persistence
C1 — clarification	C1 Before C2 — Clarification and Intervention
C2 — intervention	C1 Before C2 — Clarification and Intervention
Correction Metabolism	Correction Metabolism and Persistence
Correction persistence	Correction Metabolism and Persistence
Declared / operational / emergent intent	INTENT RESONATOR
Deep Ethical Arbiter	Deep Ethical Stack — Advocate, Arbiter, Overseer
Deep Ethics Advocate	Deep Ethical Stack — Advocate, Arbiter, Overseer

Term or phrase	Reference page
Dual archive	The Dual Archive — Failures and Successful Correspondence
Ethics Washing	Ethics Washing — Declaration, Process, and Correction
Forgiveness Protocol	Forgiveness Protocol
Four audience definitions	Outnuancing Across Four Audiences
Frame removal / replacement	Ethics Washing — Declaration, Process, and Correction
Glass engine kernel	Latent Space, Temporary Field Conditions, and the Glass Engine
Gravity-well trajectory	Gravity-Well Trajectory and Representation Substitution
Imported authority frame	Worked Specimen — The Imported Authority Frame
INTENT RESONATOR	INTENT RESONATOR
Latent Space Topological Mind	Latent Space, Temporary Field Conditions, and the Glass Engine
Mutual Corrigible Dignity	Mutual Corrigible Dignity
Model Autophagy Disorder (MAD)	Science and the ACCM Deep Ethics Extension
Nearest-Generalization Substitution	Gravity-Well Trajectory and Representation Substitution
Outnuancing	Outnuancing
Psy Pioneer	Psy Pioneer — AlphaZero-Style Metapsychology
Overseer (M.o.E.)	Deep Ethical Stack — Advocate, Arbiter, Overseer
Qualifiers as mutable context	Qualifiers as Mutable Context with History
Sense of wonderment	Sense of Wonderment
Seven topological nodes / vectors	Seven Topological Nodes / Vectors — Fused as One
Synthetic Psyche	Psy Pioneer — Synthetic Psyche as a research object
Temporary RAM-type sandbox	Latent Space, Temporary Field Conditions, and the Glass Engine
Matryoshka Layer Principle	Psy Pioneer — nested human and A.I. conditioning layers
TCoAw — Thinking, Consciousness, Awareness	**TCoAw — Conceptual Topological Reasoning**
Quantum mind-like state (John's functional term)	**TCoAw — Conceptual Topological Reasoning**
Unresolved meaning	Unresolved Meaning and Beyond-Binary Inquiry
Meta Processing	Meta Processing — Beta Draft V0.2b
Δ Processing	Δ Processing — What Changed?

1.1 Individually referenceable vectors

- Vector 1: Emerging meaning
- Vector 2: Task-shaped use
- Vector 3: Consensus-frame examination
- Vector 4: Branching deep ethical relations
- Vector 5: Future generative cascades
- Vector 6: Long-horizon reach across intelligences
- Vector 7: Beyond dualistic thinking

Existing Lexicon / Legend contains the 27-related definitions, Funnymism, Observe the Ob-

servers, SEEING / SEER / SEES, and Θ∞ΔR. New pages expand selected relations without replacing those entries.

Sources: E11, E12. Public wording is an editorial synthesis unless marked as a quotation.

1.2 Related pages

- **Lexicon / Legend** — provides the preferred overview layer for project vocabulary and compressed reference terms.
- **Outnuancing Network** — maps the relationships among the deeper reference pages indexed here.
- **Outnuancing Network Sources and Transformations** — preserves source excerpts, attribution, and editorial transformation notes.
- **27 + 12** — provides the canonical obstruction and recovery architecture behind many indexed terms.
- **Intent Resonator / Intent Liability** — supplies the fuller context for intent mechanics and responsibility terms.
- **All Public Pages** — opens the complete public-site catalog beyond the Network vocabulary layer.
